OUR MISSION

DISCOVER MORE ABOUT **STAGEFX & LASERFX**

Stage FX & LaserFX are continually striving to be a leading regional multidisciplined provider of high quality cutting edge event technology to a broad spectrum of clients and markets.

We aim to build strong partnerships with our customers, delivering the highest level of service and support to exceed expectations.

Our people are the key to our success; we are committed to their safety, security, welfare & personal development.

ABOUT US

LEARN MORE ABOUT WHO WE ARE

Based in Dubai StageFX & LaserFX are the largest stockist of special effects & laser equipment. As for Laser Grafix based in the UK has over 25 years of display experience worldwide.

Our SFX and LFX technicians are specialized in all aspects of providing special effects and laser effects for all types of events. We have countless years of experience on stages around the world. With extensive creative technical know-how and the latest available technology.

OUR INVENTORY

Our inventory contains a remarkable range of high quality and innovative equipment and we only invest in market leading brands. We are constantly expanding our stock to adapt to the requirements of our clients, ensuring that our service offering remains one of the most attractive in the market, and today we are unquestionably the largest stockist of special effects equipment in the region.

We also work closely with leading manufacturers to ensure that our technicians are trained to the highest possible standard prior to operating our equipment.

TECHNICAL EXPERTISE

Investing in the best equipment is one thing, but we also pursue the best creative and technical minds. With a wide and diverse skill set our team has extensive experience operating globally and working to the latest European standards.

We support the next generation of technical event professionals and are committed to the continued development of staff, who benefit from extensive internal and external training courses.

HEALTH & SAFETY

With an unparalleled commitment to health & safety, we are leading the industry in improving HSE standards across the region. Our NEBOSH certified in-house HSE manager not only focuses on the team and event attendees' safety but is also available as a resource for our customers. Risk assessments and method statements are completed as standard, and thorough HSE training and accreditation is provided for all onsite staff. We are also the first in the region to implement PAT testing of all equipment prior to each and every event to ensure the highest level of electrical safety and peace of mind for our clients.

FLAME EFFECTS

Flames are always impressive when added into a show, no matter how you use them, who doesn't love seeing flame columns or fireballs shooting skywards? Here at Stage FX we're proud to stock the region's largest inventory of industry-leading, cutting-edge equipment and we're confident that we can help you achieve your desired effect, regardless of size or scale.

Safety is always our first concern when using flame effects so we make sure we only use the highest quality equipment and the most skilled technicians, ensuring the safest possible environment for everyone involved.

No matter which type of flame effect you choose, we can create a unique look to give your audience a truly one-of-a-kind experience.

CONFETTI & STREAMERS

Confetti and streamer effects are unique in that they are highly customisable and you have a wide selection of colours, shapes, sizes and textures of confetti to choose from. You can even use objects such as rose petals or create confetti with custom imagery, such as a company logo.

We have a full range of confetti and streamer solutions that will add impact to your event, from our MAGIC FX Stadium Shot X-Tremes which throw streamers a whopping 50m to our hand-held confetti guns..

SPARKS EFFECTS

Sparks effects are a non pyrotechnic fountain displays with total control without any explosive content. These effects allow you to create stunning displays that can be synchronized with music.

The more machines you add, the more impressive your display can look and they can all be controlled with one remote control.

CO2 EFFECTS

CO2 effects add an intense visual and audio element to any event and can be used in a variety of different configurations to create a wide range of looks and feels. Whether you want a theatrical fog effect, or intense jets of gas towering across the stage, CO2 effects never fail to take it to the next level.

These effects are always impactful and audiences love them! Hugely popular in the DJ and nightlife market, they can be utilised in practically any venue of any size.

FOAM EFFECTS

Foam effects produce large volumes of soap-based foam for celebrations, parties and other events.

FOG EFFECTS

Using CO2 and liquid smoke, our machines will produce a thick white blanket of fog which can cascade along, down and over objects in its path, in seconds.

OTHER EFFECTS

To add that extra bit of excitement to your production, we've got a variety of items which will produce just that.

LIVE EVENTS & TOURING

We are specialized in the design and live operation of laser shows for the live music and electronic dance music industries, and have been perfecting our craft for the past 15 years.

As the nature of these events makes pre-programmed time coded shows rarely possible, the ability and experience of the operator are key in making sure that the laser effects are jaw dropping. Hitting the right cue at the right time is vital, and this is down to the skills and timing of the operator and their communication with the lighting and visual designers to compliment the look of the show.

We are proud to have what we consider to be the best operators in the business, having worked with many of the world's top artists and events including; Coldplay, Muse, David Guetta, Calvin Harris, Elton John, Robbie Williams, Swedish House Mafia, Deep Purple, Armin Van Buuren, Tiesto, Global Gathering, Glastonbury, Bestival, Creamfields, V Festivals, EDC and T in the Park.

LASER **FX**

CORPORATE EVENTS

For over 25 years we have been producing high impact laser shows for blue chip corporate clients, using the highest quality equipment and the latest technology available to achieve spectacular displays that have impressed and motivated many audiences for clients such as:

BP, Shell, Bentley, Rolls Royce, Ford, British Airways, LG, Jumeirah Group, Schon Properties, Abu Dhabi Media company and many more.

LASER PROJECTION/ MAPPING

Diode Laser Projection utilises state of the art laser technology to create company logos, website addresses, building outlines or any text or graphic animated sequences you want projected. The versatility and size of the laser projection equipment and its software enables us to project from varying distances onto almost any shape surface and be setup in a matter of seconds. Use this form of projection to promote your business, brand or product with a PR stunt for the papers or to raise awareness with a multi location campaign.

SPECIAL EVENTS

We are proud to have been part of many large scale outdoor events for government agencies around the world, producing epic memorable moments for live broadcasted events such as the Oman National Day, the London Horse Guards parade, Dubai National Day, Maltese Independence Day, Muscat Festival, the London Eye Opening Celebration, the Oman Military Tattoo and the London Tate Modern Art Gallery Opening.

TV & FILM

We have been involved in creating many stunning and unique effects for television, film and music video productions, working closely with some of the most experienced lighting directors.

These have been viewed by tens of millions of viewers worldwide on the MTV European Music Awards, the X Factor, the Brit Awards, James Bond movie, Britain's Got Talent, Dancing on Ice, The Graham Norton Show, Alan Carr Chatty Man and A League of Their Own.

EQUIPMENT SALES

Stage FX is the authorized dealer of the renowned Dutch effects machines producer MAGIC FX. These devices can be found in 80% of the technical riders for tours on the road at present.

MAGIC:CFX

CONSUMABLE SALES

We stock several tons of confetti and streamers in Dubai ready for purchase at any time. Most colors of paper and metallic rectangular confetti as well as 10m and 5m streamers are always available. We also undertake custom service requests for special-shaped and/or printed confetti or streamers deliveries and more. Some special-shaped confetti (like butterflies, hearts and stars) is usually available without pre-order.
