Health & Safety - Our No. 1 Priority

RSC relationship with our client safety teams is both co-operative and pro-active. We monitor and ensure compliance with the directions and guidance of the scaffolding associations to which we belong, who in turn work closely with Government health and safety departments. Our integrated Health & Safety management system promotes a safe and healthy working environment by providing a framework that allows us to:

- ▶ Assess risks and apply suitable controls
- ▶ Ensure compliance with current and future legislation
- ▶ Define roles, responsibility and subsequent structure
- ▶ Communicate with internal and external customers
- ▶ Provide training, awareness and verify competence
- ▶ Implement controls for the management of operational hazards
- ▶ Publish and test plans for emergency situations
- ▶ Measure and monitor performance
Identify areas for continual improvement

EVENT SERVICES WE OFFER:

Scaffold structures consolidation for both outdoor as well as indoor events is a work of art from Right Choice Scaffolding LLC.
