

FLAIR

## About Us

---

Specialising in the supply of audio visual technology, we provide audio, lighting, video, power and rigging to a full range of events, including corporate functions, nightlife events and weddings, as well as managing the design, budgeting, logistics and execution. We approach every project with the same dedication and attention to detail and our goal is always to deliver a distinctively elegant and stylish production.

## The Flair and eclipse Group Mission

---

Flair, along with the rest of the eclipse Group, is continually striving to be a leading regional multi-disciplined provider of high quality cutting edge event technology to a broad spectrum of clients and markets.

We aim to build strong partnerships with our customers, delivering the highest level of service and support to exceed expectations.

We ask a fair and competitive price that allows us to continually re-invest in our staff, operations, and equipment.

Our people are key to our success; we are committed to their safety, security, welfare & personal development.

## Our Technical Expertise

---

Our team is comprised of creative, technical and innovative minds, giving us the diversity needed to exceed expectations and create the right solutions for a full service project. Each member is an expert in their chosen field and is encouraged to develop these skills via both internal and external training courses. Quality is our goal, and we focus on setting our standards high for all projects that we deliver.

## Health & Safety

---

With an unparalleled commitment to health & safety, Flair and the eclipse Group are leading the industry in improving HSE standards across the region. Our NEBOSH certified in-house HSE manager not only focuses on the team and event attendees' safety but is also available as a resource for our customers. Risk assessments and method statements are completed as standard, and thorough HSE training and accreditation is provided for all onsite staff. We are also the first in the region to implement PAT testing of all equipment prior to each and every event to ensure the highest level of electrical safety and peace of mind for our clients.

## Audio

---

With our years of experience in the design, supply and delivery of event technology solutions, we are dedicated to delivering complete audio packages to the ever evolving events industry.

With a wide range of sound systems, speakers, amplifiers, mics and DJ mixing boards, paired with our undying passion for all things audio, Flair is on hand to enhance your event with our professional and comprehensive approach.

## Lighting

---

Whether your event is in a typical ballroom or outside in the fresh air, Flair will create the perfect ambience to suit your event and convey your message with creative and innovative lighting solutions.

We focus on offering the best cutting-edge equipment to the market, and tailor our packages to meet the individual needs of each customer.

## Video

---

With our passion for technology and innovation, we will supply your event with a variety of projection and video solutions to give your event that extra bit of flair and take it to the next level.

## Power

---

At the heart of every event is its power supply, and the skilled crew behind it. The Flair team are qualified to consult, plan and execute any power solution required to bring your event to life.

As part of the eclipse Group, we maintain a high level of safety and precaution when preparing for each job. We work to European standards and ensure that every piece of equipment is PAT tested prior to its use on an event.

## Rigging & Trussing

---

Rounding off our full technical package for live events, we also provide the rigging and trussing required to create your desired look and feel.

As part of our ongoing commitment to health and safety, the Flair team regularly participates in safety and best practice courses, guaranteeing that we deliver a safe and top-quality service each and every time.

## The eclipse Group

Established in 2003 as eclipse Staging Services LLC, the eclipse Group of companies has grown, both organically and by strategic acquisition, over the course of the last decade into a major player within the Middle East's event and integrated technology industries. Comprising of several unique event and multi-disciplinary technology suppliers, each specialising in a different area of the market, the strength of the eclipse Group is in its diversity, and we are able to ensure that whatever a client's technology requirements, we are able to satisfy them. The following companies form the eclipse Group:

### **eclipse Staging Services LLC**

As one of the leading technical production suppliers in the UAE and the flagship member of the eclipse Group of Companies, eclipse Staging Services provides a turnkey solution where possible and supplies an extensive range of lighting, audio, video, laser, interactive, rigging and power distribution services, as well as technical project management.

### **eclipse Venue Services LLC**

eclipse Venue Services supplies round the clock, high quality in-house technical services such as AV, project management and sales to hotels and venues. Providing the venue with a dedicated team of experts with diverse hospitality and AV experience, as well as an on-site inventory, eclipse Venue Services ensures the highest possible standard for both the venue and the end client.

### **eclipse Installations**

eclipse Installations is a professional provider of cutting-edge, integrated technology solutions designed to enhance your environment. The team permanently installs lasting solutions such as AV, network systems, custom integration, CCTV, automation and smart technical services, ensuring that the usability of the venue is seamlessly enhanced and maximised.

FLAIR

LASER FX

STAGE FX

### Flair

At Flair, the goal is to impress by going beyond your expectations. With attention to detail in everything they deliver from audio to video and lighting, Flair designs & executes unique creative elements for a wide range of social events. Whether it's an intimate gathering of 50 guests, or a grand & fabulous wedding for 1000, Flair will ensure your event has distinctive elegance & style.

### Laser FX

Laser FX has 20 years of laser display experience worldwide, with offices and a full range of equipment stocked in the UK and Dubai. Specialising in both live operated laser effects for international touring artists and live events, and spectacular pre-programmed laser displays for large productions, corporate events and television, Laser FX has a wealth of experience for you to draw on.

### Stage FX

Based in Dubai, Stage FX is the largest stockist of special effects equipment for the live events market in the region. Specialising in special effect design and delivery for any indoor or outdoor event from corporate to international concert touring, their countless years of global experience have given Stage FX the expertise needed to add that extra bit of excitement to your production.
